On the 22nd of June the East Coast Mainline (ECML) Neighbourhood Policing team (NPT) were up at Alnmouth for the visit of HM Queen.

Large crowds and children from the local primary school gathered in the heavy rain to wait for Her Majesties arrival.

A small group of the school children handed HM Queen a bunch of flowers and the whole event passed without any incidents.

Operation Shield

On Friday 26th June the NPT and South Yorkshire Police conducted a knife arch operation in Doncaster.

A substantive number of people went through the knife arch and one lock knife was detected.

MACS Week

MACS (Making All Children Safe) is a safety orientated event for school children in Year 6 that has been delivered at Retford Fire Station since 1999. Members of the NPT delivered BTPs safety scenario.

The event runs over five days and is a multi-agency partnership with the following partners :Nottinghamshire Police, Nottinghamshire County Council – Road Safety Team and Trading Standards, Central Networks Electricity Suppliers, Bassetlaw District Council, St John's First Aid and Nottinghamshire Fire & Rescue Service.

Schools from in and around the Worksop area were in attendance and gave excellent feedback to the members of staff involved.

Doncaster Pride

On Saturday 20th August members from the Leeds NPT attended Doncaster Pride.

The event had a large number of people in attendance and fortunately the weather stayed nice for everyone!

It provided the NPT with a number of opportunities to engage with the LGBT community and exchange information with South Yorkshire Police and the fire & rescue service. The NPT offered advice and information about general rail safety and security, in addition to advice specifically for the LGBT community. Activities throughout the day included; stalls a music stage, fairground attractions and food/drink services.

If you wish to contact the ECML NPT the email address is;
