# 03/Introduction

## 03/Introduction

**This bulletin contains crime and performance statistics for the year 1 April 2018 to 31 March 2019.**

**British Transport Police compiles crime statistics for England, Wales and Scotland. In England and Wales these statistics are broken down into geographical areas (Subdivisions) as illustrated on the map on 04.**

**The figures collated in this bulletin are for notifiable offences (those which are reportable to the Home Office) for B and C Division (England and Wales), and the equivalent crimes for Scotland which fall in the 12 crime categories given below:**

- violence against the person
- sexual offences
- criminal damage
- line of route offences
- theft of passenger property
- motor vehicle/cycle offences
- robbery
- theft of railway property
- public order offences
- fraud offences
- drugs
- other crimes

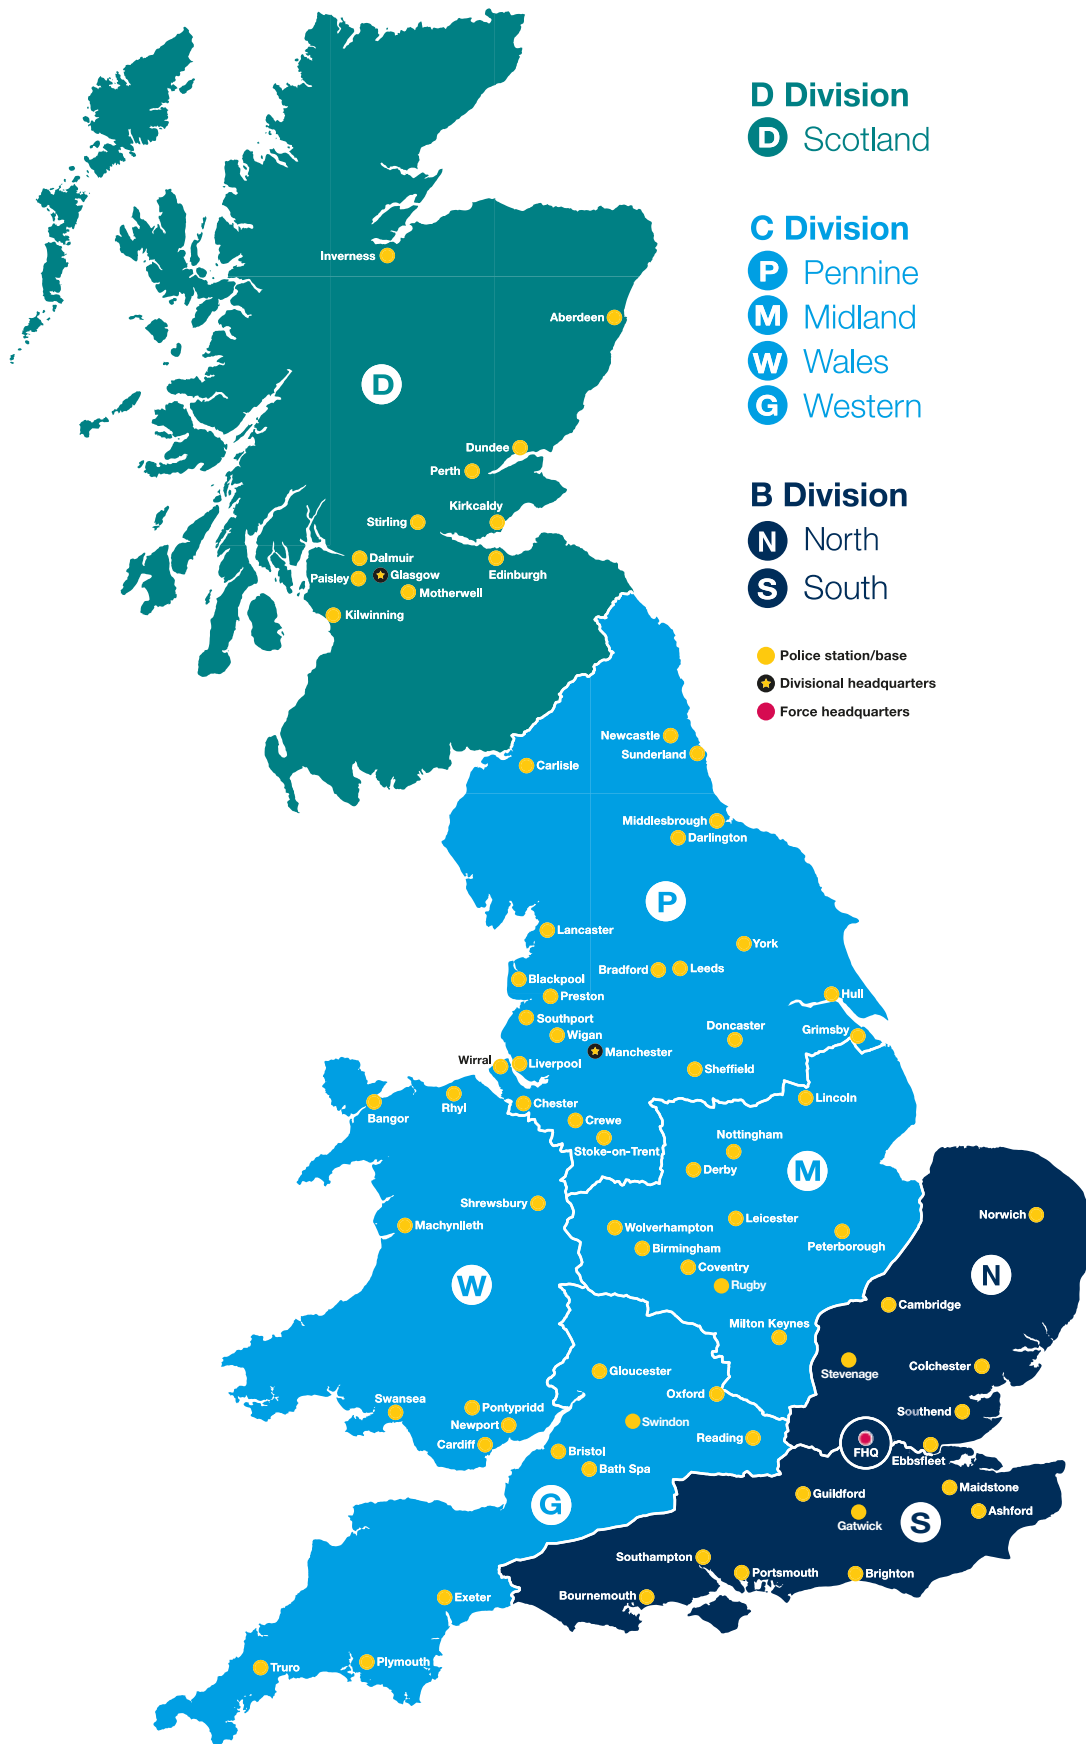

Crime statistics should be treated with caution. Dramatic fluctuations whether up or down, can be misleading and, if misused, statistics can contribute to the fear of crime. Hundreds of millions of passenger journeys are made safely each year and the statistics should be viewed in that context.

Crime statistics are not always accurate indicators of risk. Police activity to target particular offences, changes in reporting patterns and other factors can affect reported crime figures.
