Please find attached an excel spreadsheet.

Please note:

- The data was retrieved following a search of the force records management system, Niche.

- A single recorded crime may have no, one or many suspects linked to it, and likewise, one person may be liked to many crimes as a suspect.
- There is one Outcome per crime and not one Outcome per suspect.
- Dual nationals are shown as their first nationality only to prevent individuals being identified.
- Dual nationals are shown as their first nationality only to avoid individuals being identified.
- From 01/04/2023 to 31/03/2026 British Transport Police has recorded 5418 rape, sexual assault by penetration and sexual assault offences. These link to 2990 suspect records, 2022 of which are named.
- Not all solved crimes are solved via charge.
- Outcomes 1 and 1A relate to England and Wales. Outcomes DET1 DET2 and DET5 relate to Scotland.
- The results included are the number of suspects linked to a crime that was outcomed via charge rather than 'person charged' – multiple suspects per crime each with different disposals may cause discrepancies to appear.
