Request

You asked us:

Dear team,

I would like to make an Fol request, as I understand this is the correct email address.

By the year 2025 I refer to the calendar year and ask for all available data up to the date when the request is processed.

Under the Freedom of Information Act 2000 I request the following information:

How many incidents of sexual assault (as understood under the Section 3 of the Sexual Offences Act 2003) were reported on TfL in the year 2025? (I am referring to all London underground, overground and buses).

On which TfL line (only including underground, overground and buses) was this offence reported most often in the year 2025?

If available, I would like to also request data in electronic format (Excel or csv) on reports of sexual assault on TfL (only on underground, overground and buses) in the year 2025. I would like the data to also include: date and time of the report (if available), location (line, if not available, general area) and outcome of the report (if available).

If any part of this request exceeds the cost limit, or if specific data is unavailable, please process as much of the request as possible within the limit.

We have handled your request under the Freedom of Information Act (FOIA)

Our response:

Please note:

- 2019- 2023 will include periods of time when rail passenger numbers were low, or recovering, from the results of COVID19 lockdowns (no unnecessary travel).
- BTP does not have jurisdiction over buses, except rail replacement buses.

Q3:

Please see the attached Excel spreadsheet.

- “Recorded Date” and “Committed Date” are different. It is possible to report a historical crime to police, for the first time, years after the offence was committed.
- One location has been redacted to prevent individuals being identified. Not all BTP crime occurs at railway stations that are open to the public.
- Investigations that are not completed yet (as of 22/10/2025) will show as Outcome “New”.
