

## Forcewide – (January 2016 to December 2016)

### Monthly Reasonable Grounds

### Overall Recommendations

1. Divisions to develop Action Plans to improve proportionality and arrest rates, with support from FHQ (R&D and TPS)
2. To ensure audit and compliance standards are achieved, all stop searches should be entered onto NICHE within 24 hours
3. All stop and search forms should be certified by supervisors within 5 days.

### Complaints – commentary

In the last 12 months, we have had a low level of complaints, just seven related to stop & search .

All of these investigations were assessed as non- special requirement cases, with none referred to IPCC (as they didn't have a misconduct or criminal element connected to them).

Majority of the cases were not upheld & allegations within these ranged from alleged breaches of code A PACE, use of force, and discriminatory behaviour.

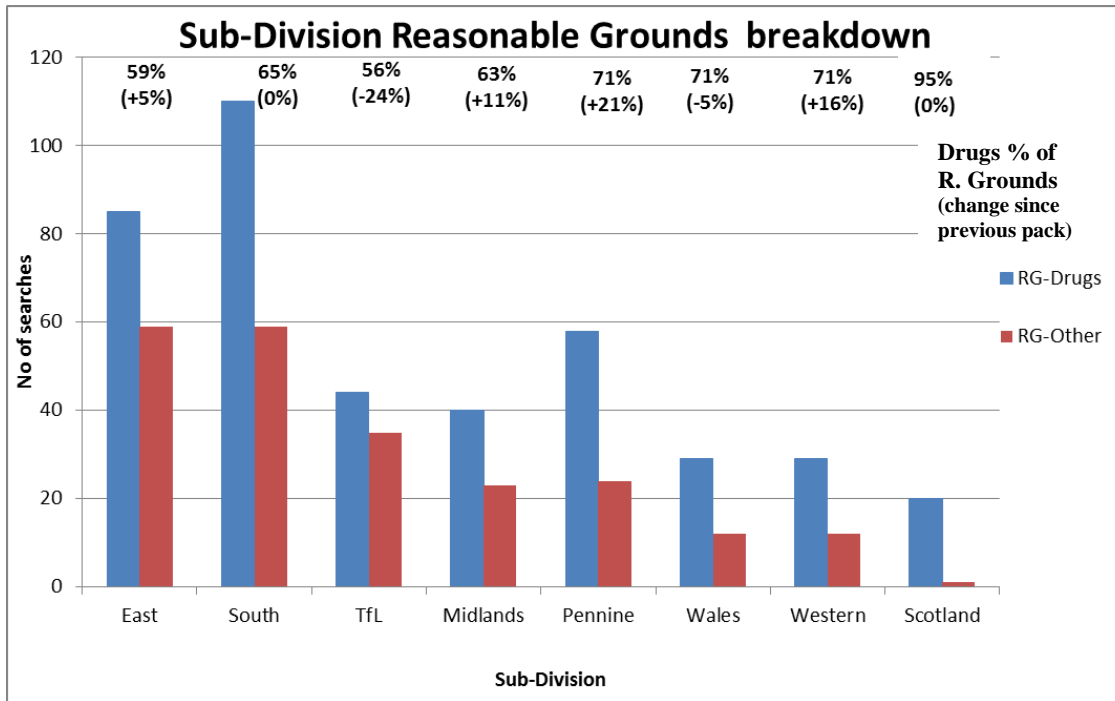

One case was upheld by BTP & one upheld on appeal by IPCC.

### Complaints

Complaint Category	No. of complaints
Breach Code A PACE	2
Discriminatory Behaviour	3
Other (including assault)	2
<b>Total</b>	<b>7</b>

Outcome Category	No. of complaints
Upheld	2
Not upheld	2
Local resolution	1
On-going investigation	2
<b>Total</b>	<b>7</b>

**Sub-Divisions – (October 2016 to December 2016)**

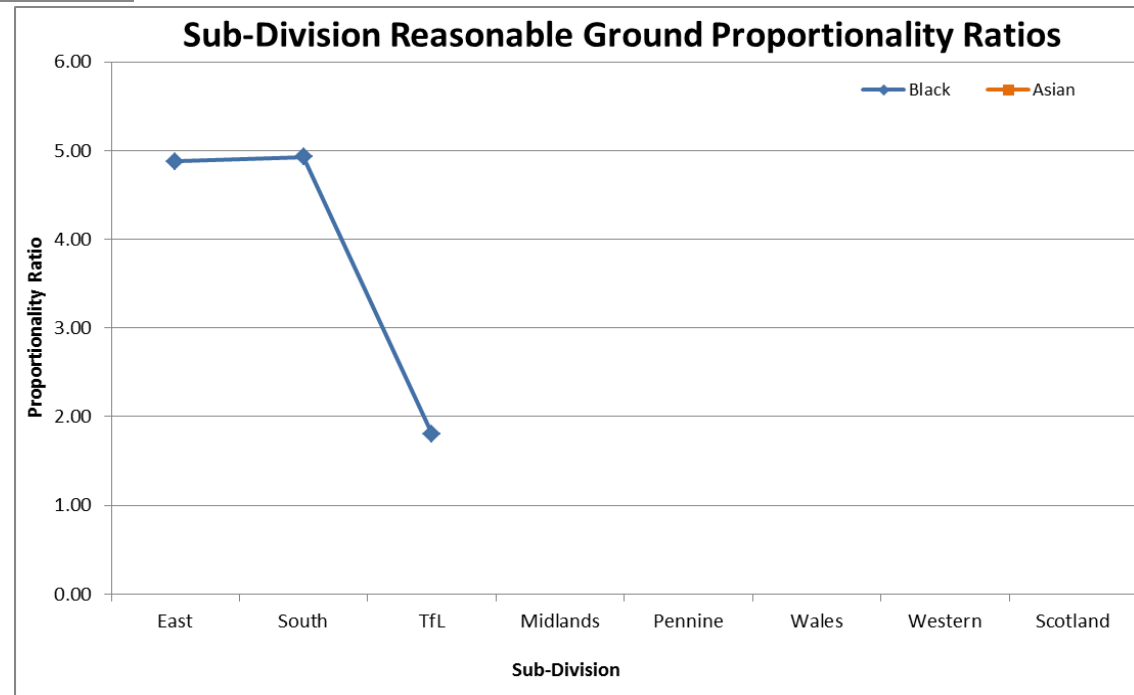

**Total Stop & Searches**

**649**

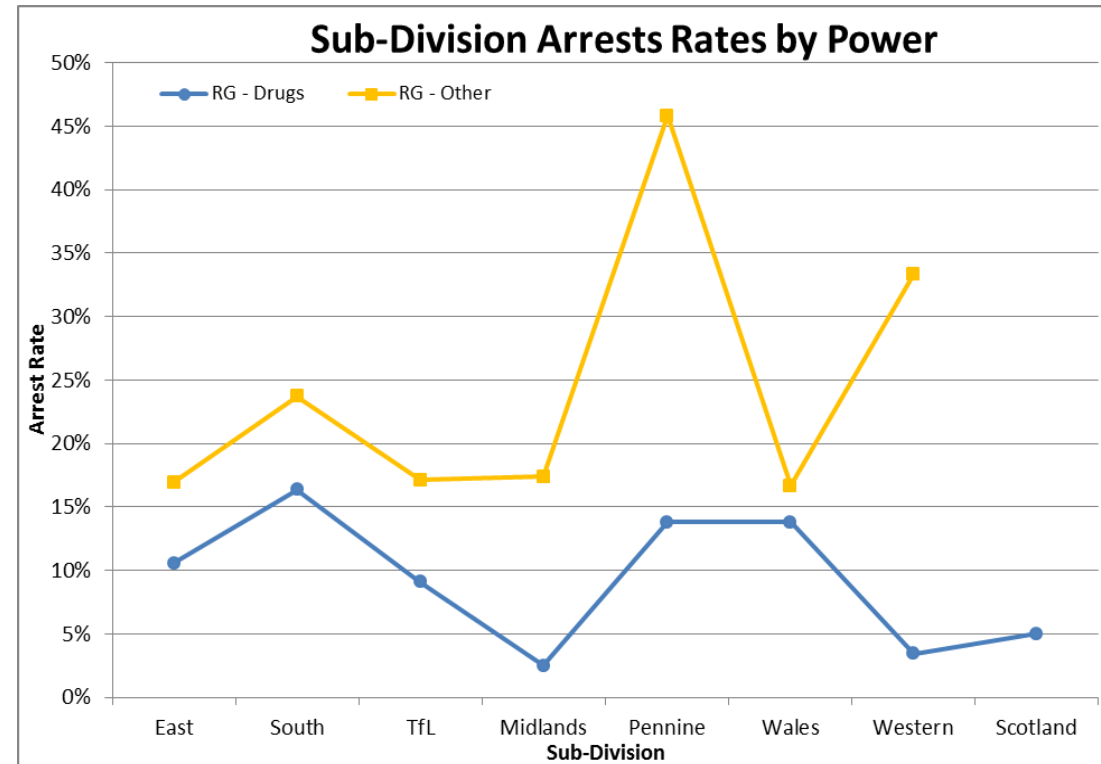

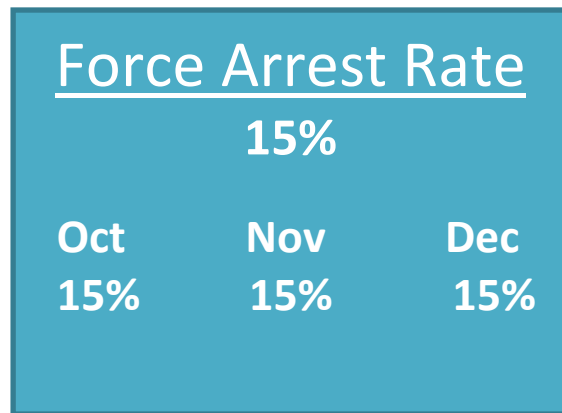

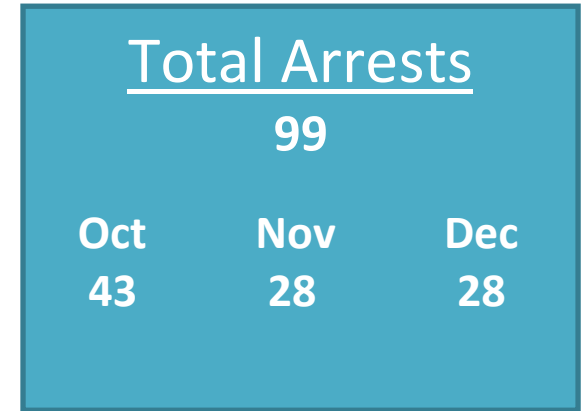

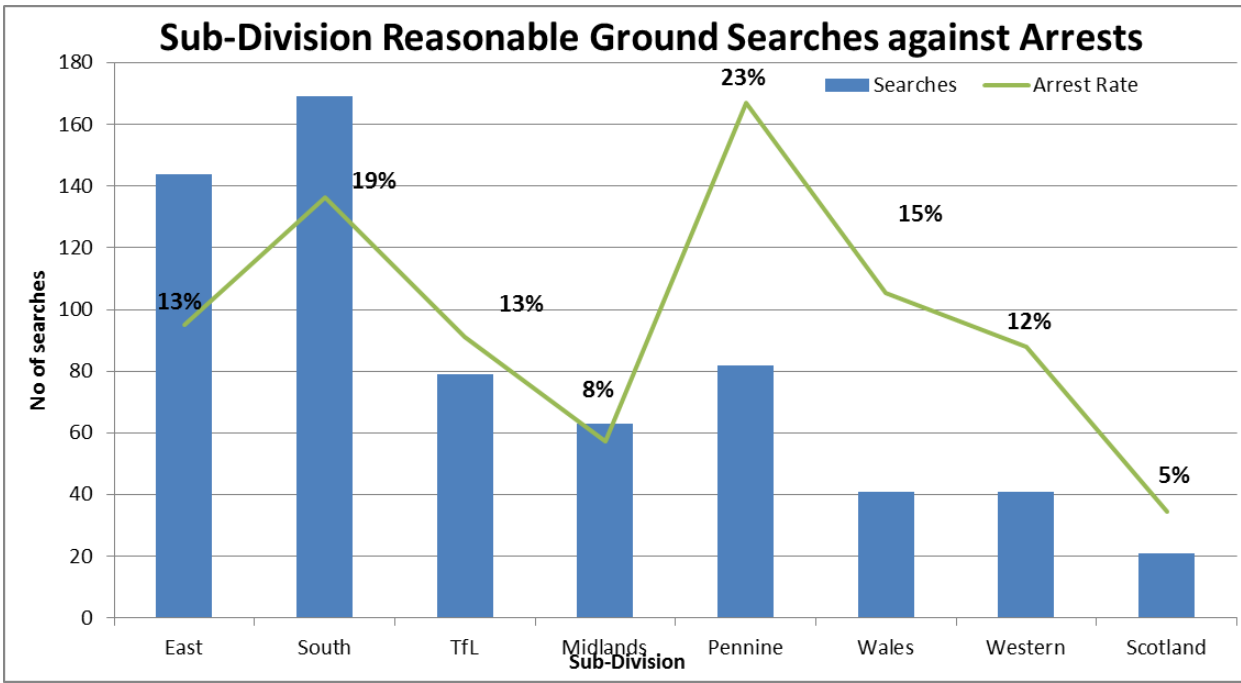

Month	Count
Oct	278
Nov	183
Dec	188

**Object of search found?**

**21% - Yes**

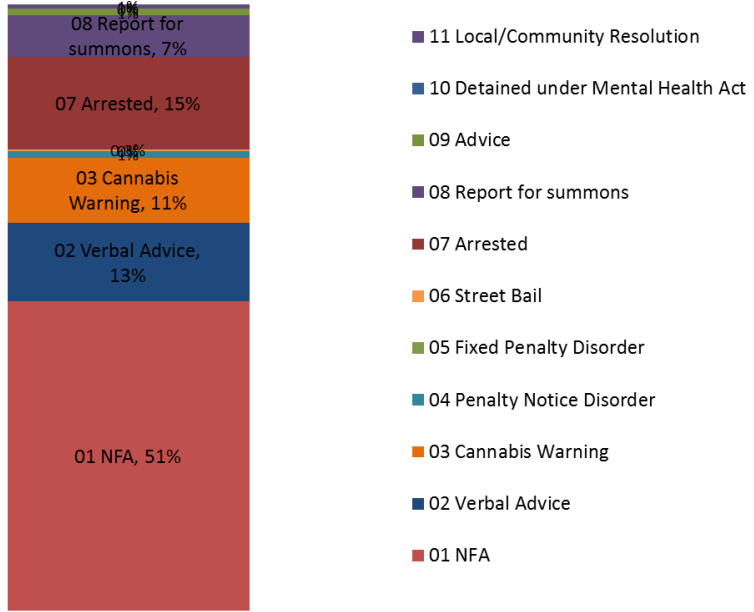

Some Black and Asian proportionalities have not been calculated due to low number of searches.
